

## 4

Ngày 11 tháng 8 năm 1993

A hand-drawn map of a river system. A main river flows from the top right towards the bottom left, labeled "nước" (water). Several tributaries join it from the top. One tributary is labeled "2" and has a small square box with "04" next to it. Another tributary is labeled "1" and has a small square box with "L" inside. Arrows indicate the direction of flow: down the main river and into the tributaries. There are also several small arrows pointing down towards the river, possibly indicating rainfall or flow direction. The map is drawn on a grid of lines.

$$T_1^2 \mid z \quad 1:1000$$

## Mặt cắt mố

- 1 - Đông bắc cách góc chõa Thạch Khê Thạ 55<sup>m</sup> 4
- 2 - Đông bắc cách góc ruộng 14<sup>m</sup> 4
- 3 - Đông nam cách góc ruộng 16<sup>m</sup> 2
- 4 - Bắc cách cọc dấu 0<sup>m</sup> 4
